

SPZ+®

Recommended to improve semen quality

BOAR SPERMATIC  
PROMOTER

Vitamin-mineral blend, to supplement the nutritional requirements of breeding boars.

Main Features:

-  Sperm concentration: Increase 25-35% by stimulating spermatogenesis favoring the entry of testosterone in the receptor cells (zinc).
-  Abnormal forms: decreased total morphoanomalies.
-  Sperm vitality: better sperm conservation and increased motility after conservation.
-  Ejaculate volume: 15% increase in the sperm fraction rich in spermatozoa.
-  Neuromuscular system: strengthening the neuromuscular system and hardening of the hoofs.
-  Sexual characteristics: increased sexual appetite and libido. Erection more intense encouraging contractions of smooth muscle fibers.

## SPZ+®

Vitamin-mineral blend, to supplement the nutritional requirements of the breeding boars.

## PRESENTATION

Cubes of 3 kg. of powdered blend, with a dosage spoon and hermetically closed.

## HOW TO USE

Distribute 10 gr. per day to each boar.

## COMPOSITION

Methioninate Zinc, Methioninate Manganese, Selenium, Vitamins C and E, Biotin, Folic Acid and sulphured amino acids.

## PROPERTIES

- Sperm concentration: 25-35% increase due to the stimulation of the spermatogenesis favoring the incorporation of testosterone into the receptor cells (Zinc).
- Abnormal sperm: decrease of the total sperm morphoabnormalities.
- Sperm vitality: better sperm preservation and a higher motility after preservation.
- Ejaculate volume: 15 % increase rich of the sperm fraction or fraction of the ejaculate rich in spermatozoa.
- Neuromuscular system: it strengthens the neuromuscular system and allows the hardening of the hoofs.
- Hormonal balance: it maintains the balance between the hypofisis and genital glands.
- Sexual characteristics: a higher libido, a more intense erection by favoring the smooth muscular fiber contractions.

## STORAGE AND HANDLING

- Storage in a cool and dry place.
- Protect from direct sunlight.
- Do not store close heat sources.
- Do not stack more than 2 boxes height.

## EXPIRATION

Best before the date specified on the packaging label.

## ORDERING INFORMATION

- Box with two cubes SPZ+, (2x3 kg.) **Ref. AISPZ**
